

	Time	Breakout A	Breakout B	Breakout C	Breakout D
Session 1	8:00	One HIT Wonder: Analysis of HIT Management Strategies with Variable Antibody Optical Densities	Oral Cephalosporins versus Fluoroquinolones or Sulfamethoxazole-Trimethoprim for Secondary Prophylaxis of Spontaneous Bacterial Peritonitis: A Nationwide Cohort Study	Optimizing automation and workflow design using an operational mission and vision statement	Analysis of Response to Poly (ADP-Ribose) Polymerase Inhibitors for Maintenance Treatment of Ovarian Cancer in Patients with Homologous Recombination Deficiency
		Brad Erich	Patricia Callahan	Erin Boswell	Jordanne Adolphsen
		TUKHS	KC VA	Saint Luke's	TUKHS
	8:30	Evaluation and Implementation of Fixed Dosing Prothrombin Complex Concentrate for Warfarin Reversal	Vancomycin Troughs Before and After Implementation of a Standardized NICU Dosing Protocol	Optimizing Medication Alerts Through Implementation of a Medication Alerts Review Committee	Evaluation of Interprofessional Collaboration with Inclusion of Ambulatory Care Pharmacists in a Patient Centered Medical Home Model on Heart Failure and 30-day Readmissions
		Kristen Haeger-Overstreet	Samuel Dold	Erika Sieber	Kyle Mick
		TUKHS	Wesley Medical Center	TUKHS	Lawrence Memorial Hospital
Moderator 1/ Moderator 2		Kat Miller + Brian Gilbert	Kathryn Lincoln + Nikki Wilson	Malena Jost + Grace Martin	Lauri Witt + Zahra Mahmoudjafari
Session 2	9:00	Evaluation of enoxaparin in VTE prophylaxis for the underweight and overweight patient populations	Characterization of neomycin/polymyxin bladder irrigation use at a pediatric institution	The Impact of Transitions of Care Pharmacist Interaction on 30 Day Readmission Rates in Medium and High-Risk Patients	Impact of Diluent Overfill on Accuracy of Antineoplastic Preparation and Administration
		Adam Luetkmeyer	Alli Florack	Emily Mueller	Amanda Kuhn
		Saint Luke's	Children's Mercy	TUKHS	Wesley
	9:30	Use of an electronic database to evaluate performance of anticoagulation	Evaluation of Inital Gentamicin Dosing in a 36-Bed Neonatal Intensive Care Unit	Impact of clinical pharmacists on the work environment in ambulatory care clinics	Evaluating Clinical Pharmacy Services in an Ambulatory Psychiatry Setting
		Mariah Black	Carly Redlich	Amber Thomas	Belinda Darkwah
		Via Christi	Stormont Vail Health	Via Christi	TUKHS
Moderator 1/ Moderator 2		Brian Gilbert + Kat Miller	Chris Durham, Wesley + , Todd Schroeder	Meghan Haftman + Sarah Daniel	Jill Reynoldson + Jennifer Loucks
Session 3	10:00	Efficacy of Direct Oral Anticoagulants in the Prevention of Recurrent Deep Vein Thrombosis in Obese Veterans versus Veterans of Normal Weight	Treatment Duration of Enterobacteriales Bacteremia	Mission Impossible: Medication Returns in a Heavy De-Centralized Pharmacy Department	Assessment and implementation of a tool to monitor patient adherence to oral chemotherapy
		Hannah Twenhafel	Chelsey Love	Shannon Stittworth	Marianne Carter
		Eastern KS VA	Via Christi	TUKHS	Lawrence Memorial Hospital
	10:30	Characterization of bivalirudin use at a pediatric hospital	Evaluation of procalcitonin laboratory reference range modification and antimicrobial utilization	Implementation of Disease State and Patient Outcomes Tracking Tools in the Electronic Medical Record at Multiple Specialty Clinics	Impact of Pharmacist Conducted Education Phone Calls on Emergency Room Admissions in Elderly Veterans Prescribed Tricyclic Antidepressants or Paroxetine
		Eddie Mueller	Allen Snider	John Ho	Lauren Sudhoff
		Children's Mercy	TUKHS	TUKHS	KC VA
Moderator 1/ Moderator 2		Chris Durham, Wesley +	Kyle Eichelberger + Jessica Humphrey	Meghan Haftman + Sarah Daniel	Katie Rau +
Session 4	11:00	Preventing thromboembolic events in hospitalized Coronavirus Disease 2019 (COVID-19) patients using heparin or enoxaparin at therapeutic doses	Outcomes associated with pharmacist-driven MRSA nasal screenings in patients with suspected pneumonia	Utilizing clinical pharmacists and a medication assistance program to improve medication access for indigent and underserved patients in primary care	Evaluation of Same-Day Versus Next-Day Pegfilgrastim in Breast Cancer Patients
		Deina Khader	Justice Oehlert	Brianna Long	Michael Weise
		Stormont Vail Health	Olathe	Via Christi	TUKHS
		deina.khader@stormontvail.org	justice.oehlert@olathehealth.org	brianna.long@ascension.org	mweise@kumc.edu
	11:30	Comparing immunization status between ICU and non-ICU admitted patients infected with COVID-19	Effects of implementing area under the curve (AUC) vancomycin dosing on acute kidney injury	The Impact of Job Instruction Training Within Pharmacy	Incidence of post-operative atrial fibrillation with prophylactic amiodarone use in coronary artery bypass graft patients
		Bradley Nash	Jantz Budde	Faria Munir	Sierra Miles
Stormont Vail Health		Salina	TUKHS	Wesley Medical Center	
Moderator 1/ Moderator 2		Brian Gilbert + Lucy Stun	Kathryn Lincoln + Allyce Schenk	Kat Miller + Kyle Eichelberger	Sarah Daniel + Zahra Mahmoudjafari

Lunch	12:00				
Session 5	12:30	Burnout	Impact of Utilization Guidelines on Injectable Hydralazine Use in Hypertensive Crises	Clinical Pharmacist Impact on Improving Access to Care Virtually Within a Rural Health Clinic	
		Nicole Henderson	Myles Dice	Farrah Zonoozi	
		Eastern KS VA	TUKHS	KC VA	
Moderator 1/ Moderator 2		Allyce Schenk + Suzy Burros	Todd Schroeder + Jessica Humphrey		
Session 6	13:00	Effect of recent DOAC administration on heparin monitoring with anti Xa and aPTT lab assays	Impact of Pharmacist-Led Education of Asymptomatic Bacteriuria Treatment in a Community Hospital	Evaluation of hospitalizations and emergency department visits for chronic obstructive pulmonary disease (COPD) patients following implementation of 340B prescription assistance program	Analysis of the effect of absolute leukocyte count on safety and efficacy outcomes in immunotherapy
		Samuel Hausman	Amelia Gooch	Leah Taliaferro	Russel Clark
		Stormont Vale	Olathe	Via Christi	TUKHS
	13:30	Incidence of deep vein thrombosis (DVT) in pediatric patients with peripherally inserted central catheters (PICC), with and without pharmacologic DVT prophylaxis	The Effect of Shifting Preferred Anti-Pseudomonas Pneumonia Coverage on Clinical Outcomes and Safety	Integration of Patient-Aligned Care Team (PACT) Clinical Pharmacy Specialist (CPS) Involvement in the Interdisciplinary Management of Chronic Obstructive Pulmonary Disease (COPD)	Intravenous Iron Order Set Optimization at a Large Academic Medical Center
		Alexa Karels	Kyle Klindworth	Kennedy Moore	Rachel Smith
	Wesley	Saint Luke's	KC VA	TUKHS	
Moderator 1/Moderator 2		alex.a.karels@wesleymc.com	kkklindworth@saint-lukes.org	kennedy.moore@va.gov	rsmith45@kumc.edu
		Samaneh Wilkinson +	Kathryn Lincoln +	Jennifer Loucks +	Grace Martin +
Session 7	14:00	Evaluation of Norepinephrine Dose and Vasopressin Utilization in Patients with Septic Shock	Incidence of CMV Viremia with Mini-Dose Valganciclovir Prophylaxis after Renal Transplantation	Pharmacist Impact on Transitions of Care in a Clinic Setting	Benzodiazepine taper versus symptom based approach in alcohol withdrawal patients
		Allison Brask	Lauren Roder	Ethan Leiker	Jordan Thoman
		Saint Luke's	TUKHS	Salina	KC VA
	14:30	Association of Low-Dose Ketamine Use with Emergency Department Throughput in Patients with Abdominal Pain	Effects of Delayed Second Dose Antibiotic Administration in Patients with Septic Shock	Impact of Pharmacist Involvement on Employee Anti-Inflammatory Disease Management	Initiation of antipsychotic treatment for amphetamine induced psychosis and its impact on length of stay
		LeFontae McAtee	Jennifer Walling	Lauren Schleicher	Clair Herbst
	Research	Via Christi	Saint Luke's	TUKHS	
Moderator 1/ Moderator 2		Chris Durham, Wesley + Lucy Stun	Samaneh Wilkinson +	Jennifer McKenna, OMC +	Tessa Reynolds, Wesley +
Session 8	15:00	Evaluation of Thromboelastography in Pediatric Trauma	Late Reactivation of Cytomegalovirus with Letemovir Use in Allogeneic Stem Cell Transplantation	Evaluation of medication override practices at a large, academic medical center	Safety analysis of sodium-glucose co-transporter 2 inhibitor administration in an inpatient setting
		CJ Wilson	Liz Hazlett	Whitney Hessel	Melinda Johnson
		Wesley	TUKHS	TUKHS	Saint Luke's
	15:30	Medication Use Evaluation of Lactated Ringer's versus 0.9% Sodium Chloride in Patients with Sepsis	Comparative analysis of dexamethasone dosing strategies in patients with SARS-CoV-2 infection	Evaluation of the Potential Impacts of an Employer-Sponsored Pharmacist-Led Disease State Management Program	Evaluating the Clinical Impact of a Penicillin Allergy Pharmacy Assessment on Non-Preferred Antimicrobial Use in a Community Hospital
		Alexandar Aliling	Mark Caddell	Chris Duphren	Kristen Farnet
	Salina	Wesley	TUKHS	Olathe	
Moderator 1/ Moderator 2		Jeannette Ploetz +	Sarah Daniel +	Tessa Reynolds, Wesley + Tera Raymond (KC)	Joann Moore + Jennifer Dill
	16:00	Efficacy Evaluation of Continuous Inhaled Epoprostenol in the Treatment of ARDS	Oral Vancomycin for C. difficile Prophylaxis in Allogeneic Hematopoietic Stem Cell Transplant	Designing a New Patient to Pharmacist Ratio	Opioid prescribing before and after implementation of the pain treatment order set
		Hannah Milenkovich	Olivia Altemeier	Brittanie Wieland	Hannah Post

Session 9		Saint Luke's	TUKHS	TUKHS	Wesley
	16:30	Hypertonic Saline versus Mixed Salt Solution for the Management of Cerebral Edema	Determining Optimal Antifungal Prophylaxis in Acute Myeloid Leukemia Patients Receiving Venetoclax	Efficiency and Safety of Undiluted Intravenous Push Levetiracetam and Lacosamide	Anemia Treatment with IV Iron Replacement in Heart Failure
		Mackenzie Moritz	Taylor Updyke	Caitlynn Tabaka	Josh Mohn
		Research	TUKHS	Wesley	Saint Luke's
Moderator 1/ Moderator 2		Jessica Humphrey +
